BHL Biodiversity Heritage Library EUROPE

Evaluation & Feedback Session

- Main objectives of the Workshop:-
  - To evaluate existing Portal Features & their functionality
  - To gather initial feedback from Audience (users & developers)
  - Interactive Session
- Live demo session of Portal (AIT)
  - Walkthrough List of Core Features Implemented to date
- Summary & Further Considerations for Review Session

Audience:- User representatives, techgroup.

Portal Review Session

- Main Objective of Portal Review Session:-
  - To review the portal work based on outcomes of the initial evaluation & feedback session.
  - Run through list of work yet to be completed/based on prioritised feature requirements. (refer to Scrum Backlog/feature list)
- Things to consider:-
  - Do we need to adjust our priorities for the portal work being implemented so far?
  - Timelines/Resources?
- Summary & Next Steps (roadmap for Portal work)

Audience: Mainly developers for Review session
