Subject: Save the date! BHL Training webinar 4/29 at 11am ET

Greetings all,

We will be hosting a BHL Staff Training webinar on Wednesday April 29 at 11am ET. Training will cover the following topics:

- An in depth overview of BHL's advanced search features
- How to reconcile duplicate authors via BHL's backend Administrative Dashboard

You will only need to have access to a computer with speakers or a computer + phone to attend the webinar. Having a microphone is a plus. Please stay tuned for webinar participation instructions to come.

Kendra Hurt has been working for Smithsonian Libraries and BHL as an Instructional Design Intern for the spring semester. She will be leading the training with my support. Please mark your calendars and thank you, in advance, for your participation. Technology permitting we will attempt to record the webinar. Time permitting we may be able to schedule a follow up session.

Thank you,
Bianca
